

## Bed Bug Preventative Dust Treatment Preparation Sheet

Date of Treatment: \_\_\_\_\_

Time of Treatment: \_\_\_\_\_

**Before our arrival please review and complete all the necessary preparations listed below. These steps will ensure that the technician is able to provide a safe and effective treatment.**

**People and pets DO NOT need to vacate the premise.**

- Reduce clutter in entire residence, especially in bedrooms and living room areas. If clutter is not eliminated or reduced, additional services may be required.
- Remove all electrical outlets and switch plate covers.
- Move everything 8 inches away from the walls. Heavy items and electronic equipment may be left in place
- DO NOT place items on tops of beds, chairs and couches

WE ALSO STRONGLY ADVISE PRIOR TO TREATMENT:

- Heat all laundry in the dryer for 20 minutes on high to kill bed bugs and eggs inside. Always follow the label on the clothing, dry clean as needed. Ex. clothes, bedding, curtains, couch cushions, futon covers, etc.
- Bagged items can be placed on kitchen or bathroom counters and tables or in bathtubs once laundry is complete.
- Vacuum all furnishings and cracks/crevices where bed bugs hide. Ex. mattress, box spring, bed frame, carpet edges, furniture joints, cracks in dressers, nightstands, curtain rods, floor surfaces & baseboards.
- Throw out the vacuum bag immediately.

AFTER TREATMENT

- If problem persists please ask your management office to contact BHT to book a treatment.

We will be applying Drione Dust PCP #15255

**In an emergency contact Ontario Poison Centre 1.800.268.9017 or 416.813.5900 24/7 for expert poison advice 24-hours per day.**
